

# THE SPRINGBOKS JOINS US FOR A MEMORABLE NICOLAS BLENDING SESSION!

It was an extraordinary day at Boschendal, where the picturesque vineyards and historic estate provided the perfect backdrop for an exclusive and engaging event. The Springbok coaching staff joined us for a unique Nicolas 2023 blending session, bringing their winning spirit and camaraderie into the art of winemaking. As they carefully crafted their blends, the passion for excellence—whether on the rugby field or in the cellar—was evident in every glass. Laughter, shared stories, and the joy of discovery made the experience unforgettable, with each sip of wine a testament to the remarkable collaboration between world-class coaching and world-class winemaking. Cheers to a day of connection, creativity, and the celebration of South African heritage in both sport and wine!
